

DOCUMENTACIÓN MONDAY

Primero, para poder conectar Monday al plugin hay que crear una cuenta en la página web de [Monday](#). Una vez creada hay que ir al área de Programadores → Mis tokens de acceso → Show → Copiar.

Luego esa API Key se pega en la configuración del plugin y se le da clic a Save Credentials, esto comprobará que funciona correctamente y confirmará en caso afirmativo. Luego darle clic a Save Settings para que se guarde en la configuración.

The screenshot shows a settings interface for the Monday.com plugin. At the top, there is a horizontal menu with tabs for 'Settings', 'Monday', 'ActiveCampaign', 'ClickUp', and 'ConvertKit'. The 'Monday' tab is currently selected. Below the menu, the 'Monday' section is titled with the Monday logo and name. It contains two main fields: 'API Key:' and 'Connect with monday:'. The 'API Key:' field has a text input containing the key 'eyJhbGciOiJIUzI1NiJ9.eyJ0aWQiOiJQ4MzE1NjA3MywiY' and a sub-label 'Your monday app API key.' below it. The 'Connect with monday:' field has a blue button labeled 'Save Credentials'. At the bottom of the settings panel, there are two buttons: 'Save Settings' (blue) and 'Reset Settings' (white with a blue border).
